

i am an America and deserve my right to Choose what I want to listen to! I pay for the XM satellite radio service because it is much better then am or fm radio stations! fewer commercials and free speech ! i listen to all types of music and use traffic and weather for complete information that regular radio can't provide. I am very upset that politicians and big company radio like clear channel want to regulate what most americans want -better service I will support xm radio ! this is what i believe is right
